Arnold Lobel (1933-1987) was the award-winning author and illustrator of many beloved children's books, including the classic *I Can Read* books about *Frog and Toad*, and the Caldecott Medal winning *Fables*. Arnold Lobel (1933-1987) was the award-winning author and illustrator of many beloved children's books, including the classic *I Can Read* books about *Frog and Toad*, and the Caldecott Medal winning *Fables*.

I love *Frog and Toad*. The characters are relatable, the stories are funny, and the illustrations are beautiful. The books are at the right difficulty level for a beginning reader to practice, but they're also amusing enough for parents to enjoy reading and rereading them with their kids. These are what kids' books should be. This particular tome is all four *Frog and Toad* books in a high-quality hardback book. Nothing is compromised, shrunk, or abridged here. This is a big, 256-page book containing everything from the original four books. I want to buy this for every kid I know.

This book was delivered very quickly and in excellent shape. My girlfriend and I read *Frog and Toad* books before we go to sleep sometimes after really troubling days. Lobel's zenlike stories are amazing and help calm the psyche. (Read Lobel's *Fables* book, for instance). I got this book for an anniversary present and it was fantastic. The stories are simple, yet so deep.

I LOVED these stories as much as my children did when they were very small. We still love to open these books and enjoy the memories. Of all the children's books I might have parted with, these could never leave my house! I bought this book to use as material in a preschool program. I find the stories are simple enough to be enjoyed by the youngest children, and offer something for those who comprehend a bit more. Each story presents an opportunity to discuss feelings, problems and how they were resolved, etc. Not to mention, they are simply endearing and wonderful to enjoy again and again. I never tire of them! I just ordered my second copy of this book from so I can abuse one at school, and have a copy for my home. It just doesn't matter that my children are now 18 and 13. We still giggle about these, and so will their children with grandma one day.

I loved these stories as a kid, and now my 5 and 7 year old love reading these. The stories are simple enough for my 5 year old who is a beginning reader, and funny enough to keep my year old

engaged. The quality of the book is excellent. We will keep it forever.

I read Frog and Toad to my children when they were young and will now continue the tradition with my grandson! This book is perfect and I will use the CD when he gets a little older. Four stories in one book! Great value!

I purchased this as a gift for my great nephew, as his Mom and Dad requested books instead of cards. I was so happy to look through the book and it took me back to being 7 again!!

LOVE that all the stories of this classically sweet young child readers. These are not only good for youn readers to read but to read to a young child.

We love this book. It is a firm favorite. Purchased this copy as a gift for my daughters friend- hope she loves it too. Frog and Toad stories help children navigate the sometimes tricky world of childhood friendships. The stories are calming even when they are funny. They are simple characters that children can relate to. This publication is awesome in terms of quality. Don't hesitate - this is a classic that will not disappoint.
