# The Norton Field Guide To Writing, With Readings (Third Edition)

## Synopsis

Flexible, easy to use, just enough detail – and now the number-one best seller. With just enough detail – and color-coded links that send students to more detail if they need it – this is the rhetoric that tells students what they need to know and resists the temptation to tell them everything there is to know. Designed for easy reference – with menus, directories, and a combined glossary/index. The Third Edition has new chapters on academic writing, choosing genres, writing online, and choosing media, as well as new attention to multimodal writing. The Norton Field Guide to Writing is available with a handbook, an anthology, or both – and all versions are now available as low-cost ebooks and in mobile-compatible formats for iPhones, Droids, and iPads.

This is the best English book I have ever owned. I purchased this book for my first college English Composition course and decided to keep it. Since then I have used this book as a reference in almost every college course I have taken and it has helped me immensely

but i wish a bought the online edition

Required item for 10th grade Expo Comp so wasn't able to compare against other writing aids. The questions are sometimes confusing, however felt this book is overall a great tool for a student taking this class.

Very helpful book with the layouts.

Straightforward and helpful, this book is pretty helpful on how to write in certain types of ways.

Cover and whole outside is really dirty and worn, and every page has water damage on it. I've rented a book from last year and it was fine. This time I wasn't happy.

good price and quick delivery. It is a good experience and wish to buy books from this sell again.

Great book, It is one that you want to have in hand through all college.
