Ghost Box: Voices From Spirits, ETs, Shadow People & Other Astral Beings

Synopsis

The Ghost Box A Device of Fascination and Fear Discover the mind-blowing, bone-chilling stories of a leading investigator as he pioneers the use of this intriguing tool Chris Moon was the first investigator to use the celebrated device known as the ghost box to facilitate real-time, two-way communication with the spirit world. In *The Ghost Box*, Chris shares the extraordinary spiritual contacts he's made with the box during investigations of famous haunted locations such as the Sallie House and the Lizzie Borden House. Also revealed in this amazing book are Chris's experiences using the box to communicate with the spirit of Abraham Lincoln, JFK assassination witnesses, shadow people, and the spirits who come through during his frequent gallery readings. Based on Thomas Edison's designs for the "Telephone to the Dead," this device—also called Frank's Box in honor of its designer Frank Sumption—has been used to communicate with an incredible variety of spirits and astral beings. This book shares the fascinating story of how Frank's Box came to be and explores the startling truths of the spirit world.

I follow the author online and it's really great to hear stories of his amazing experiences. I can't wait to see if there will be a follow up on these properties. Makes you ponder a lot!

This was a fantastic read. Well written and descriptive. I couldn't put it down, and I eagerly await the next book. The narrative has flow and ease, and the words create a picture in your head as if you're right there reliving each moment and event. Worth reading! A+ from this former teacher!!!

I am in love with this book and can't help but rereading it over and over. I have seen Chris Moon use the Ghost Box and can attest to it's accuracy and information it can provide. It is almost too amazing to believe. So, I encourage you to read this, learn a bit of the history and then see for yourself. I can't wait to see what else the Moons can share with us.

A great book, always been interested in telephone to the dead, this book gives you a insite into Chris moons works.
