This book (approximately 450) is in most dental office waiting rooms within a 25 mile radius of Visalia and has received positive feedback from both patients and other dentists. Up to this point no one has been asked to write a review. --Charles S. Ricks, DDS MPH

Charles S. Ricks, DDS MPH is a dentist/anesthesiologist located in Visalia, California. His practice is called "The Children's Dental Surgery Center." He treats the teeth of children who are difficult to treat in a regular dental office. The children he treats are either too young, might be "physically challenged," need lots of work, or are really afraid to see the dentist. He does their dental work while they are asleep. Dr. Ricks is a Diplomate of the National Dental Board of Anesthesiology, a Fellow of the American Dental Society of Anesthesiology and a graduate of Loma Linda University School of Dentistry. Charles is also an artist and writer. He can be reached at csricksdds@aol.com. This book will also be available as an eBook.
