Kelpie Curse: A Feyland Urban Fantasy Tale (The Celtic Fey Book 2)

Synopsis

Legends aren't supposed to come to life...Cursed by an evil crone and trapped in the icy wastes of the faerie realm, all peace-loving Elphin wants is to return home. But the terms of his enchantment make him despair for his future - until Scots teenager Corinne MacArthur stumbles into his world. And into mortal danger. Aspiring show-jumper Corinne has been playing the virtual reality game Feyland to escape the sadness haunting her everyday life. But the game is more than just a game, and the legendary creatures she meets are more than just legends. Legends that can bargain for your talents - or take your life. To save Corinne from her untimely fate, Elphin needs to become a hero. Her champion. He needs to keep her safe from the otherworldly creatures who inhabit the realm. He needs to become more than just a legend...Labyrinth meets National Velvet, Kelpie Curse is the 2nd book in the Celtic Fey series set in Anthea Sharp's Feyland universe (with her kind permission). Whilst this is a stand-alone book with a full story arc, you might enjoy reading the series from the first story, Unicorn Magic, amzn.com/B01LZSO1DH. This is a clean urban fantasy suitable for Young Adults which is set in Scotland (and the faerie realm) and uses British English spelling and grammar.

Customer Reviews

The story takes us from the journey Corinne through Feyland story meeting Elphin who continues to save her as she is in search of a minstrel she has been seeking never knowing he is one and the same a curse has claimed him in Feyland and she may be his only hope yet he isn't saying or can't say that to her .She finds her real life has challenges with bullies and her loss of her best friend and horse but the magic sent her Ghost and he is a magic horse that will give her calm and strength .winning has a way of causing others to turn green with envy and now a race is on to save ghost and to find out Elfin may need her too a world apart yet both will tug her. Powerfully written a great story to follow Feyland: Unicorn Magic both I would recommend as must read stories .I can't wait for the next book to see where it will lead

I found Roz Marshall via Anthea Sharp. Interesting characters, well written, intriguing plot. Just how long has Elphin been in Feyland? Roz writes characters you can hold your breath and root for. Looking forward to the next installment of the series.

Cute idea, but the books are very short. It would suit the reader more to combine the stories as they are truly one.

Wow, this is the 2nd book in this trilogy AND it is mesmerizing....like you grab the book and dive right in and CAN'T put it down! Where real life and fantasy overlap and the results are.....Every time Corinne has to go home.....no....why.....wow.....is he dead?THEN you get to the end and think, oh no, where is the next book...and then....oops, better write the review first, others may be missing out because I just HAD to dive into the next book....selfish! So, a quick scribble and off to read Faerie Quest. I knew I should have gotten the set! lolAll good. This book would probably appeal to all sorts of ages and, even if you haven't read fantasy before, this is the stuff of Legends...Literally.

Great continuation of the series; I am quite looking forward to seeing where the next installment takes us. Roz Marshall is talented at grabbing your interest and keeping it throughout the story. New developments in both characters and storyline, as well as "the quest," make this more than your everyday sequel. It is also very enjoyable for all ages, not just YA. If you are interested in Fantasy and have NOT tried Marshall's books, you are depriving yourself.This review was based on an early

copy of the book and the views/opinions are solely my own.

After finishing Unicorn Magic, I was super eager to read Kelpie Curse. I really enjoyed getting to know more about Elphin. I was intrigued by him in the first story, so I was very happy to learn more about him. I found the show jumping that Corinne did quite fascinating. I knew next to nothing about it before, so it was cool to learn something new. This has been a great series so far and I'm very excited to find out what happens next! I received a copy of this book from the author and voluntarily reviewed it. This is my honest opinion.

Having read Unicorn Magic in the Chronicle Worlds:Feyland (The Future Chronicles) anthology i couldn't wait to read the next installment of the story.I enjoyed the story of Corrine and Elphin meeting in the SIM game and the revelation that the game might indeed be real.Corrine is given a quest and doesn't yet know that her destiny is intertwined with Elphins.I found this novella engaging and interesting and am eagerly awaiting the next book in the series.I received a copy of this book from the author in exchange for an honest review.

Kelpie Curse by Roz Marshall I s a good middle book in the Celtic Fey series. The first installment was part of the anthology Chronicle Worlds: Feyland by Samuel Peralta. The backstories of Corinne and Elphin are fleshed out and we learn even more of Corinne's love of horses. The switches in the story between Corinne, Elphin, Feyland, and human world are all seamlessly done. I look forward to reading the next installment and finding out even more!
