I bought these to replace books that had been lost or destroyed. It is old, but the theory is sound, and the book includes multiple exercises and examples.

Goooooooood

The book Was new and Was as expected. Was half of The price than The one of The school list. Good experience.

Yes, I was very pleased! Thank you!

Very well. very patient and helpful. as a gift to Tommy, good. Quality product, thick enough not to bend with a solid, comfortable grip. Couldn't ask for a better product for the price.

Provides tools for two of the most effective vocab acquisition strategies--context clues and word roots. The wordbusting strategy has never proven to be useful in my classes.

I homeschool my 3 kids, this book is fantastic!
