Roger Priddy left school at 16 with just one qualification – in art. He went to Berkshire College of Art and Design and trained as an illustrator. His first job in children's books was working with the publisher Peter Usborne, at Usborne Publishing, and then he worked with Peter Kindersley at Dorling Kindersley, where he spent 16 years. Priddy became Creative Director of DK's Children's Division and was Managing Director of the children's mass market publisher Funfax when it was acquired by DK. In 2000, he created Priddy Books with John Sargent at St Martin's Press to create innovative and imaginative titles for children, from first books for babies through early reference titles for older children. Since then, over 30 million copies of Roger's 200 plus books have sold worldwide, with five of his books – *My Big Animal*, *My Big Truck*, *Happy Baby Words*, *Happy Baby Colors* and *Puppy and Friends* – each selling over one million copies. He is also the author of *Big Board First 100 Words*; *Big Board Books Colors*, *ABC*, *Numbers*, and *Bright Baby Noisy Monsters*. His creativity has been recognized with numerous industry awards. Priddy lives in London with his wife Zena and their four children.

These books are perfect for little ones. I have even bought them for other babies as a gift. I gave them to my youngest daughter at about 7 months and she is almost one and still loves looking at these and touching each page. My older daughter is almost 3 and she even likes reading them with my youngest. I feel like these books have a good amount of touch and feel on each page and they are a good size. Some of the textures are very similar among the four books but my baby doesn't mind. The pictures of the animals are bright and vibrant. Overall a good value with this set.

I really don't understand why people are upset one or two are the same in different books. At this age, repetition is good. And it's \$10 for four touch and feel books, who can beat that? I had been disappointed by this brand in the past. Not by the set. I was very much impressed by the quality. Very impressed. Buying another copy for a friend.

My daughter love this book! specially when they put the thing to touch em! like toughing the real thing!

Great book, the feel and the colors are great!

My little one loves Roger Priddy books. Out of all of them she probably plays with this set the least. Not as excited over the touch and feel pages, though she still plays with them at times. Favorite one is the First 100 words book (large book)

Couldn't be any cuter if it tried ... nice big patches of "animal fur" for my daughter to feel, large thick pages that don't seem to get damaged easily with a little light chewing lol ... i'd buy again :)

I love these books! They are bright and colorful! FYI most of the animals are some sort of furry/soft/wooly texture so if you are looking for multiple textures you won't find that (like rough, or prickly). Within the set, there are a couple of repeat pictures. Like 2 books contain the sheep and the duck. But that wasn't a dealbreaker for me since I only kept a couple of the books for my daughter and gave a couple away as gifts. Great set of books and the best price you can find anywhere per book!

Great product. Fun for sensory learning
