Wine Cellar Design

Synopsis

Over 300 images of wine cellars immerse you into the stylish and impressive world of today's vintage connoisseur. A wine cellar is becoming a standard feature of today's luxury home. The ability to invest in fine wines, to age them properly, and to have them on hand for entertaining is a luxury more people can afford. This book is packed with ideas and technical information for designing safe, stylish, beautiful wine cellars. Essays by leading designers and a section detailing the proper construction of a wine cellar make this an invaluable reference.

Tina Skinner is a professional writer and editor who specializes in books on design. This is her second book on wine cellars.

If you are looking for detailed and useful expertise on designing a wine cellar look elsewhere. In fact, that is what the author herself tells us in the very short section on actual design: "It is recommended that you hire a qualified wine cellar consultant such as one from Apex Wine Cellars." (p. 23) This is a book I think is pretty safe to judge by its cover, but not by its title.

If you are building a wine cellar you should get this book. It gives you instructions and shows many different styles of wine cellars.
