## Customer Reviews

An indispensable guide to driving around Catalonia and the Spanish Pyrenees featuring Costa Brava, Barcelona, the Basque Country and Santander. Highlights include: Top 25 tours Fully comprehensive driver's guide including road signs Full color detailed maps with major destinations clearly pinpointed Walking tours round towns and cities Detailed guides to sightseeing, activities, dining and accommodation Ideas for exploring on your own

Tony Kelly writes regularly on travel for newspapers and magazines and has won awards for his writing.

This "driving guide" lacks a detailed map of the region it is describing. Instead, it provides the suggested tour maps in various parts of the region. However, those maps lack clarity and sufficient detail as well making them useful only if one drives the exact route described in the text. Therefore, the book is rather useless as a driving guide, but can be used to supplement a regular map because it has informative descriptions of various points of interest.
