Knopf CityMap Guide: Amsterdam (Knopf Citymap Guides)

Synopsis

This opening fold-out contains a general map of Amsterdam to help you visualize the 6 large districts discussed in this guide, and 4 pages of valuable information, handy tips and useful addresses. Discover Amsterdam through 6 districts and 6 maps: Centraal Station/ Nieuwmarkt/ Dam/ Spui/ Western islands/ Jordaan/ Northern canals/ Southern canals/ Singel/ Leidseplein/ Southern canals/ Rembrandtplein/ Amstel/ Vondelpark/ Museumplein/ De Pijp/ Waterlooplein/ Plantage/ Oosterdock. For each district there is a double-page of addresses (restaurants, cafÃ©s, bars, music venues and stores) followed by a fold-out map for the relevant area with the essential places to see (indicated on the map by a star *). These places are by no means all that Amsterdam has to offer but to us they are unmissable. The grid-referencing system (A B2) makes it easy for you to pinpoint addresses quickly on the map. Transportation and hotels in Amsterdam. The last fold-out consists of a transportation map and 4 pages of practical information that include a selection of hotels. A thematic index lists all the sites and addresses featured in this guide.

The Washington Post says, "The map guide lets you be inconspicuous: it's as small and light as a novella, and its flip-out maps could pass as a flyer to a cool club." Make sure you never lose your way in a strange city. Each of the Knopf MapGuides captures its city's pith in a package as small as a passport wallet. "Real Simple" says, "Knopf MapGuides are handy,

practical and perfect for those of us who are slightly impaired when it comes to map-reading. You don't have to search a huge crackling sheet with a microscopic index for one of 10,000 dots on the map. The extraordinary quality of the books' beautiful hues and heavy paper also give these \$8.95 guides an evocative quality that stands apart from the glossy, garish look of most travel books. " Marin Independent Journal "A good, handy portable item for a quick trip." San Francisco Chronicle "We love Knopf's smart new map guides." Travel & Leisure

These are the travel maps I buy. Easy access to the info you're looking for. A good over-view for Mr. no-sense-of-direction-whatsoever.

no other company makes such great maps. my only complaint is the newer versions don't have every single street like to original ones...can't imagine that poor editorial choice?

Great shopping experience: The item I ordered was exactly what was described online, the price was fair and the delivery was on time. I'm 100% satisfied with this purchase. Thank you.

Well made, durable and compact. Covers cultural/historical sites well. Not the most current or recent edition but it will do.

Compact and so easy to use

I purchased this guide for a one-month trip to Amsterdam. It was so useful, easy to understand, and discrete. The Knopf Guide divides Amsterdam into major sections, and each section has guides on the major attractions, restaurants, and shops for that area. There's a fold-out map for each section of the city, and it opens up from the description area to be four times the size of the book. The maps are easy to read and labeled with the suggested attractions and such. It's like a map and guide in one. It slips into a purse, and the small size of the maps makes you look like less of a tourist. There's maps of the major tram system and guides on hotels too. I appreciated the pictures of each described attraction/shop/restaurant and the vivid colors on the maps. Black and white guides, full of text, drive me crazy. You can literally read this one on the street, and find your way around. I can't say enough about how priceless this guide is.*The only downside of the guide is that a lot of the suggested shops and restaurants were on the pricey side of things (the guide also gives you price ranges of dishes), but their addresses at least direct you to the areas where restaurants and shops can be found. That's a small downside, in my opinion. Buy this guide, and enjoy your visit to Amsterdam!
