The Ultimate Philippines Travel Guide: How To Get The Most Out Of Your Island Adventure (Asia Travel Guide)

Synopsis

Is the Philippines peaking your interests? Are the 7000 islands in the Philippines making you curious and are you wondering what's so special about these islands? I had the same thoughts One of the things that are so widely and diversely available is the food. There are just too many types of dishes for you to try and this guide have listed only a part of them. With The Ultimate Philippines Travel Guide, you'll get an idea of which cities and regions are must visits. Disclaimer: Since this is a quick guide, this Travel Guide is intended to give you inspiration when planning your travel itinerary.

Travel The Philippines By Boat, Plane or Jeepney

There is so much to discover in the Philippines and the exotic scenic spots are unrivaled by other countries in Asia. Next to visiting the big city Manilla, search for the best beaches, mountains, rivers and lakes in the remote regions and islands. You'll notice the hospitable and loving people of the Philippines whenever you try to interact with the locals. No matter if you're a foodie, wants to see make scenic pictures or are traveling to meet nice people, these islands will be an adventure for you.

Plan Your Philippine Trip Right Now

The Ultimate Philippines Travel Guide will help you compile that list of what you should see, feel, taste and experience much faster than going through a bunch of websites, forums or lengthy books. Inside this guide, you'll discover:

- Budget And Luxurious Options Of Your Stay
- Ways For You To Travel From Island To Island
- A Mix Of The Philippines Cuisine In Restaurants, On The Streets And At The Markets
- The Culture Sights And Stories From This Island Nation
- Awesome Adrenaline Kick Activities You Should Explore

Customer Reviews

If you are travelling to a foreign country its always great to equip yourself with some elementary knowledge of the country like the interesting places to visit, the food availability (which is most important to a food lover like me), the available means to commute across cities and within cities, the safe places to stay (specially if you are a female and travelling alone) and then where you can discover the most active night life. This little preparation can go a long way in making your trip truly memorable. If you plan to visit Philippines, this book serves as a perfect guide with lots of photos and very useful information to get you moving along confidently in an unknown place.

This book reads more like a pamphlet than a book. Way to brief. There is so much to do in the Philippines. They say it consists of over a million islands and yet this book is only a few pages long. Save your money you can Google the majority of the stuff for free and more detailed. I guess for someone who has never visited it is a fair intro. But it would be nice to have maps and photos of the sights. Very disappointed.

Easy to follow, methodical and entertaining and as a 'foodie' I can say it made my mouth water. Unexpected tips that sent me off to do in depth research - could visualize myself in country. Kudos and look forward to reading more of the author's insightful books.

I find it hard to believe that so many people would rate this so highly. Does the author have a lot of friends? Its a collage of things you could easily find on the internet with nothing in depth about any place etc. I can't believe I paid money for this.

I expected more location coverage from this book, but the information is general and not detailed.

There is no detailed transport or city info. The Filipino food section is helpful though and almost worth the purchase.

This is not much more than a general brochure. I was hoping for much more information about the major island destinations that one can choose to visit. It is so brief and general it isn't terribly useful, sadly.

'The Ultimate Philippines Travel Guide' is definitely a complete guide! It covers right from Homestays to delicacies served only in Philippines to adventure sports to be tried out in the country. It has extensive guidelines on different places to visit for those interested in exploring cultural spots and various islands. The book really helped in planning our holiday, according to our interest. I would say the book has something to offer everyone according to their situation either a family travelling or a couple or a single person. Read and plan your holiday well ahead to this beautiful group of islands!

The book was fine enough but took under an hour to go through. I was expecting more of a robust read.
