New England Beachcomber: A Waterproof Pocket Guide To Beach Habitats, Plants & Animals— from Connecticut To Maine (Duraguide Series)

Synopsis

The New England coast between Maine and Rhode Island is one of the richest areas in the world for intertidal life. Winds and currents act to continuously dredge up cold nutrient-rich waters from below. The plant life contained in these waters flourishes when exposed to the sun, and the plants attract plant-eaters and so on up the food chain. This guide reveals the types of beaches you might encounter in the Atlantic Northeast; such as the rocky shores, sandy shores, mudflats, or cobblestone beaches; and the plants and animals that are common and widespread. Made in the USA.

Book Information

Series: Duraguide Series

Pamphlet: 1 pages

Publisher: Waterford Press; Pmplt edition (April 1, 2010)

Language: English

ISBN-10: 1583555560

ISBN-13: 978-1583555569

Product Dimensions: 3.5 x 0.2 x 8.2 inches

Shipping Weight: 1.6 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #1,109,942 in Books (See Top 100 in Books) #74 in Books > Science & Math > Biological Sciences > Animals > Seashells #144 in Books > Science & Math > Nature & Ecology > Ecosystems > Coastal #447 in Books > Science & Math > Biological Sciences > Biology > Marine Biology

Grade Level: 5 and up

Customer Reviews

"Pocket Naturalist Guides are to nature-loving backpackers what CliffsNotes are to teens trying to navigate Shakespeare: essential." — Backpacker Magazine

Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including

the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution.

I absolutely love this guide! I put together a kit with the guide and some seashell bags and my kids love it. It has brought such a sense of wonder and science to our beach trips! It's durable (kids are 5 and 2) and beautiful as well!
