## **Customer Reviews**

Didn't realize it was a 1998 edition so lots of outdated bits of info.

I just returned from a trip to St. Kitts and Nevis and found this book very useful, from the time I was selecting a hotel until I was on the island and looking for a place to eat. Through this guide, I learned about many out of the way spots that were overlooked by other guides. I am looking forward to using other sections of the book on a trip next year to St. Martin and Anguilla.

I wish I had met this book before I went to St. Kitts & Nevis for the first time. It tells you everything about them and you can count on it. Very easy to find out what to do, where to go, stay and eat. Very organized and easy to read. Many pictures in this book.

I have been traveling to Anguilla for several years but just found some new discoveries in this

guidebook.
