We recently returned from a week in Quebec. This little book not only helped us plan the trip to make the most of our time, but also was an instrumental reference book for us while there. The map detail was just right and the pictures were helped to focus our attention on the right sights for us to see. From the book, we learned about some interesting side trips (to Isle d'Orleans and the Charlevoix region) that proved to be more exciting and memorable than the city walls. Great ideas! I will definitely be looking for Fodor's Full Color guide books in the future!

this book was an excellent choice. it gave me all the information i needed to have a great trip in quebec city!
