This is a great book to start out with. It really has a lot of songs and it is very cheap. Everything is in the key of C, so if you just buy the C harmonica, you're good to go.

The American Harmonica Song book is very and concise, easy to read and understand. All the songs are written with notes tablature and lyrics. I would highly recommend this book. It has helped me out tremendously in learning to play the Harmonica.

A great selection of songs to relax by the campfire with, hone your skill with the harmonica, and keep the bears away. The paperback material that was used for the cover was also impressive and feels sturdy enough to stand the test of time. Very pleased with this purchase overall.

You already know most of these songs, but sit down for a few minutes with this book and you'll be playing them! This inexpensive book is the express route to gaining skills, confidence and a repertoire you can carry anywhere.

Nice book. Easy to use for a new player.

This is my favorite book so far. It isn't a how to play or technique so much as songs and tabs to get you started. Def make this among your first purchases when learning to play.

Pretty good songbook. I would give it a perfect rating but some of the "draws" and "blows" are mislabeled but you will figure out which ones fairly quickly.

I am new at this. Works well as you pick out the song and then begin to play with confidence.
