okay book, not a bad read, some interesting facts about various teas / traditions in different areas however it's rather bland and not what I expected. Recipes aren't anything exciting either.

I checked this book out of our library and fell in love with it. I simply had to have it! This book has recipes that you can actually enjoy eating. The photographs and the history of the bed and breakfasts are interesting. This book is like a mini vacation.

This book has some very good recipes for afternoon tea with a few friends, or doing a tea for a crowd. The "Mock Devonshire Cream" on pg 65 is outstanding!

This book is like a taking a trip! I have thoroughly enjoyed the book, have shared it with others, and would highly recommend. You will not be disappointed. So many great recipes too!

Now one of my "go to" books for fantastic recipes. Everything I've made has been wonderful. Lots of good ideas and beautiful pictures of the inns.

If you are ever invited to an elegant luncheon or tea, this would be an excellent thank you gift. The book is a charming celebration of steeped inn traditions. The book is filled with a host of tea time varieties such as butler's tea, tea under the canopy, bridal shower teas, high teas, chamber music tea at home, hats off to you tea, English country tea, and Laura Ashley tea, etc. The book offers themed menus with a list of courses and recipes, e.g. teas, sandwiches, cheeses, and desserts, etc. The book provides colorful photos for each occasion and environment, i.e., Inn Victoria, The Captain's House Inn, Maison du Pre'(SC), and The Vermont Marble Inn, etc. For each theme, the book provides a textbox filled with dandy ideas. For example, "Act as butler by wearing black tails or a long dress, or anything you want to, allow just a pair of white gloves to reflect the fact that you are at your guests' beck and call--delightful and witty (Greco, 1991)." The recipes are absolutely enchanting, e.g., smoked oyster cheese roll, Huguenot torte, benne (sesame) seed wafers, village scones, and much more.

Pretentious. Does anyone find anything wrong with "Authentic English Welsh Cakes?" Or a photo of a woman dressed as in the 1920s, with a caption that says she takes tea-time back 200 years? There are some nice recipes, but also too much pretension.

Tea-Time At The Inn: A Country Inn Cookbook reveals tea-time as practiced in America and offers a culinary wealth of recipes associated with tea time at a variety of quaint and elegant inns across the country. Two hundred recipes ranging Tomato Cheese Squares to Rum Custard Tarts pepper this culinary reference. From a "Gone With The Wind Tea" from Tara; a "After-the-Ski Tea" from the Mad River Inn in Vermont; and a "Low-Fat Herb Tea" from Back of the Beyond in New York; to a "Business Tea" from Bailiwick in Virginia; an "Amish Tea" from The Churchtown Inn in

Pennsylvania; and a "Mystery Tea" from Dairy Hollow House in Arkansas; Tea-Time At The Inn is an impressive and unique addition to any tea time enthusiast's cookbook shelf.
