Dion Fortune (1891-1946), founder of The Society of the Inner Light, a Society for the study of Metaphysical Religion, Mysticism, and Esoteric Psychology, is recognized as one of the most luminous figures of 20th-century esoteric thought. A prolific writer, pioneer psychologist, and powerful psychic, she dedicated her life to the revival of the Western Mystery Tradition. She was also a member of the Order of the Golden Dawn, whose members included A.E. Waite, Aleister Crowley, and W. B. Yeats.

The greatest value that I found in the volume was its historical perspective on the development of the "spiritualist" / "occultist" movement. The author's personal experiences are interesting not only

as record of paranormal phenomena but also in their "catty" or "gossipy" nature - the spiritualist community was fairly small at that time, and it is all but certain that everyone knew who "Mr X" or "Miss Z" was, even though they weren't specifically named. This little book is a good read for several reasons, although the reader is advised to remember that it documents the experiences of a particular person at a particular point in history and reflects that as much as it does any specific spiritual practice / tradition.

Good book about giving and receiving psychic attacks. Although, the first half of the book is fairly basic in it's concepts, the second half really dives into the Esoterism. Which one needs a grasp of Theosophy, Occultism and Kaballah to receive it's truer meanings. If you're already there, this book may bring some new insights. Enjoy!

The methods portrayed are indicative of rituals performed in many cultures foreign to the western world. This book shows the westerner the pros and cons to participating in such rituals.

It's a classic. I read it in the spirit of a novel.

I first became interested in Dion Fortune's books from the many references I noted while reading Nancy B. Watson's Practical Solitary Magic. I found Psychic Self Defense to be thorough. Ms. Fortune was very well educated and rounded in her actual experience. As a psychologist, an occultist and a psychic she was able to approach the subject from an experienced and solid basis. The writing may be a bit old fashioned to the contemporary reader but I felt charmed by her voice. Her authority on the subject matter rings true.
