# Botanical Riches: The Story Of Botanical Exploration

## Synopsis

This pictorial history of plant cultivation explores the systematic searches and scientific botanical discoveries that have been made in botany throughout the ages. Vividly showcasing the splendor and beauty of flora from around the globe, more than 300 lush color photographs, engravings, lithographs, and hand-colored illustrations—taken from Australia's State Library of Victoria's bountiful collection of herbals, botanical primers, and large format tomes—display a wealth of botanical riches, while accompanying captions discuss how cultivation methods have changed over the years.

## Customer Reviews

Richard Aitken is an architect, a curator, an historian, and a member of the editorial advisory board of Garden History. He is the author of *Gardenesque*.

fast and in time.. very recommend . i need it , This is a gift for someone that is studying to become a chef. I did take it out of the box and it is a very nice product. The weight and handle are very good for cutting and even my smaller hands felt comfortable with the size. Satisfied.
