## Customer Reviews

I was disappointed in this book. There was very little useful information. All his information for painting could have been covered in 3 pages. Don't buy this if you are looking for major insights or techniques.

Great book. Was recommended to me by a very skilled artist and I would recommend it to others. I need to keep rereading it. Pictures are great. It's not a long book, but it's very so succinct in terms of the information conveyed.

Have 2 books by Kevin Macpherson and am using them to teach myself the techniques of oil painting. A friend who saw my efforts immediately noticed how the paintings captured light. Thank you Mr. Macpherson for your wonderful examples and "how to " instructions. I keep going back and re-reading chapters and poring over his luscious paintings. Love his style and enjoy his ability to explain the concepts in an approachable matter. Well done and a must purchase for painters.

I have learned SO much from this book, highlighting several things on every page. He is a great teacher and I would recommend it to anyone who is having trouble mixing colors or upgrading their paintings. This is a perfect book for me and I highly recommend it to any level of painter.

Excellent book. Very informative. As a novice painter and student this book offers great advice, technique and insight into painting. I highly recommend it. It's larger book that is easy to read and digest, its really well written and presented. Even the more advanced painter and student should also find very useful information and is in this book. Kevin MacPherson is an excellent teacher who easily unravels they mystery and science of painting.

Excellent foundation for successful plan air painting in oil. Kevin's book hits the nail on the head ... with straightforward approach to mixing colors and constructing a successful painting on location.

Recommended by hubby's art teacher and is packed with great information.

This book just was not what I was looking for. There is not anything wrog with the book for that kind of artistic painting it just is not my style.
