I own a number of The Coloring Cafe coloring books and I love to color in them. They are cute and easy to color. I can usually finish one easily in an afternoon. "Colorful Blessings" is a newer coloring book in the series. What I absolutely love about this coloring book is that it is spiral bound. I can flip the pages around and get the page I am working on to lie perfectly flat. The designs feature a Bible verse as well as the cite so you can look it up for yourself. I don't see a translation mentioned in the book so I can't say for sure which it is. The designs are open and easy to color. I don't have to finagle small points into even smaller spaces with this book. I can have fun with whatever medium suits my temperament on a given day. For my first project, I choose to use a mixture of Sharpie and Bic Mark-it alcohol-based markers. I was happy that the paper didn't feather the ink outside of the lines and will certainly use my markers with this book again (see medium discussion below.) I will provide details about the book below for those interested, but here is an overview of what I found:

- 45 Bible inspired cute designs
- Designs are printed on one side of non-perforated white page
- Spiral bound
- Alcohol-based markers bleed through page
- Water-based markers and India ink pens leave shadows of color on back of page
- Gel pens work well but need a little extra drying time
- Coloring pencils work well with this paper

The designs in this book are printed on one side of the white non-perforated page. On the reverse side of almost all of them, there is a cute little drawing. If you use a medium that doesn't leak through, you can color that as well. The binding is spiral. The designs do not merge into the binding. You have plenty of room to cut the design out, in fact, there is a cutting line already printed on the page. The design elements are all either finished or the design has a framing line around it. I really appreciate it when I am not left with unfinished dangling elements that I have to try to end properly. I always try to mention when an artist includes this thoughtful feature. It saves me time, trouble, and ink. I test my coloring books with various mediums (which I will list in the comments section below.) Here are the results of my test on this book:

- Alcohol-based markers bleed right through the page.
- Water-based markers and Ink ink leave color shadows on the backside of the page (Tombows actually bled through in tiny spots.)
- Gel pens work really well but require a little extra drying time.
- Coloring pencils work well. The soft lead pencils go on fairly thick and blend well. The hard lead pencils left dents on the backside of the page.

Because of the leak-through, I used and recommend using a blotter page of heavier weight paper or card stock with this book. It will keep the rest of the book in good shape and safe from marring dents and leaking ink.

I'm just starting to get into coloring in coloring books. This is my first one and I'm so happy that I bought this! I'm happy to see that there're christian ones out there. So, I had my coloring markers

and gel pens in hand and couldn't wait to get started. This book is spiral bound which I love because it's easy to turn back each page. There are 96 pages and they're one sided. I've used both coloring markers and the gel pens and they didn't go through the next design. I love Scripture and the designs that go along with it are nicely done! I can meditate on the Scripture on each page while making the pages beautiful with color. I recommend this coloring book for anyone that loves Scripture and wants to focus on it.

I have several adult coloring books and this is my favorite...every picture in it is doable....I have some books that are too detailed...this one is just right! There is a line to cut along and I think they are wonderful pictures and messages...I will look for more from Ronnie Walker!

I was surprised by how much I liked this little book. I have bought several of the more elaborate adult coloring books. Although they are beautiful and artistic, it takes me several days to do one picture. I am not an artist, so by that time, I have probably ruined my picture or become tired of looking at the same page for so long. I have done several of the pages in this book, and each one can be done at night while talking with my husband or watching TV. I also like the Bible verses on each one. The author's choice of which passages to use was excellent. I will buy more.

Love this book, it's so relaxing and nice, great pastime for when you go visit someone :) recommend using gel pens.

This is one of my favorite coloring books. I love that it is spiral bound. I also really enjoy that it's a slightly smaller size and doesn't take as long to color. Some of the pictures are simpler and others are more complex, so anyone should be able to enjoy it. The messages are inspiring and the designs are pretty. I'm definitely going to buy more books by Ronnie Walter.

Very nice coloring book, many pages with less detail than most books. The ring binder makes it easier to go from page to page. I like the smaller page size for a change, and the paper is sturdy and has a velvet feel when using gel pens. This would be one to take along on a road trip with just a few pens when a long wait is anticipated. Very nice blessings to think about while coloring!

This is a very cute, fun, and inspirational book! I enjoy the simplicity while really taking in God's word.
