Customer Reviews

Purchased this for school, great price on than on campus

Okay

Brooks' Lab Manual for Environmental Science is a perfect complement to G. Tyler's Environmental Science. The experiments are well written and easy to follow.

Received rental Lab manual it is full of writing from previous people, it not usable! To photocopy it and turn in pages I have to erase whole page and some of the markings are in pen. Very! disappointed!

it was missing a chapter, but i still passed the class. Thanks!

OLD BOOK, BUT SHIP FAST, AND STILL CAN BE USED, THANKS!
