Age Range: 3 - 7 years

Grade Level: Preschool - 2

## Customer Reviews

Richard Scarry's bright and humorous animal characters have been charming children for decades. Always inventive in the world of animal fashion, Scarry shows the cow jumping over the moon in pearls and a pink dress, and the little dog who "laughed to see such sport" sports a sailor suit. You won't hear "I can't see the pictures!" with this book; its large size makes it a good choice for group story hour. This collection of 50 Mother Goose rhymes is especially appropriate for toddlers; most of the two-page spreads contain only one illustrated rhyme. (Many children younger than three can focus better on one simple verse than on many rhymes on each page.) Richard Scarry's Best Mother Goose Ever has stood the test of time for more than 25 years and is still a hit with young readers. (Ages 1 to 4)

This is a Richard Scarry book for children with Mother Goose nursery rhythms.

The reasons that I love to give this book as a baby shower gift and as a birthday gift to little ones are:  
\*The illustrations are phenomenal--they are fun, colorful, large and imaginative!  
\*The sing-song nursery rhymes are short and easy to memorize, making story time more fun! They can "read" along with you!  
\*Little ones get less distracted with this book. It's a large book with very colorful illustrations and short sentences so you're still turning the pages as quickly as they want you to!  
As a little one I memorized these rhymes and "read" along with my mom by the age of 2 or 3. It is the most memorable book I grew up reading and an absolute classic. I encourage you to try it. Richard Scarry may no longer be with us but I hope this book will remain for many years to come.

I had this book when I was a little girl.. I bought it to read to my little girl. I remember many of the illustrations and rhymes. This made my heart happy=)

Just what we wanted and in excellent condition.

Great book  
Fast delivery and just as described by seller. Very pleased

I love the use of the Richard Scary cute and loving animals (mostly) which make sense of the sometimes nonsense rhymes. I bought this for my grandchildren though I have kept my children's edition but it is too battered to use again.

My 3 boys loved this book and made me read every page in it each time we read it. I just ordered a new copy to read to my grandchildren. I don't personally love every single nursery rhyme in it but the pictures are great and there are many excellent choices. Other review on [will give more in depth reviews.](#)

I purchased this book when my girls were born and now I give it as gifts to the next generation!

My girls are now 36 and 37. This was their favorite Mother Goose book when they were little girls. One Mother Goose rhyme per page. The illustrations are just wonderful. I've given it as baby gifts decades ago when my friends were having their babies, and now I give it to the children of the friends my girls grew up with. This was my own two-month old granddaughter's first book. She'll be memorizing the same rhymes that her mother did. It's a terrific book. Makes a wonderful gift.
