Since 1978, Precious Moments® has grown into an evergreen brand recognized worldwide, with more than 14 million books and Bibles sold through Thomas Nelson. ▶

This book was much nicer than I thought it would be so that was a nice surprise. I also thought it was just going to be the story of Noah's Ark but it actually is a series of little stories.

Love precious moments storybooks. This is great and knowledgeable, easy for kids to understand, colorful.

My Noah's Ark Storybook introduces the story of Noah and the first rainbow to little ones using the charming illustrations we know so well. The book tells the story accurately from

Scripture while using age-appropriate language and content. The story moves fast enough to keep little minds interested, while the illustrations are sure to hold their interest! My Noah's Ark Storybook also includes rhymes, songs, and prayers perfect for toddlers and preschoolers. My daughter enjoys memorizing poems and scriptures if your children do, also, this book has several short passages that would work wonderfully for this purpose. I love how the story, poems, and prayers reassure children of God's love and faithfulness. This book will help you teach your children that God's love is very personal, and that He always keeps His promises.
