Customer Reviews

Fabulous resource for spiritual warfare over homes, properties, possessions, and how to declare with the Lord's authority to get your "stuff" back. Lots of interesting and candid stories, plus written out prayers and declarations to get you started. I have purchased numerous copies, as I keep giving mine away! A valuable resource book to keep on your shelf and reference.

He explains the tactics of humans and spirits to open doors to spiritual world. Gives ways that the enemy can come through. Testimonies of how people can close the doorways to the evil spirits and allow God's Holy Spirit to cleanse. Making your home a habitation for glory and peace. Talks some about curses and generational issues, consequences and covenant with God. Talks about idolatry and deadly obsessions which are door openers for wrong spirits. Power and the blood covenant of Jesus and how this power is greater than all others. At the end gives prayers for each room and about staking the land with prayer.

Very informative. This is a great read if you have questions regarding spiritual warfare! Dr. B. Craven

Important information that is rarely discussed. I found the information insightful. The fact that the information is based on personal experience as well as biblical truths makes it that much more relevant.
