# Greece: The Cookbook

## Synopsis

Greece: The Cookbook is the definitive work on the rich and fascinating cooking of modern Greece. Greece: The Cookbook is the first truly comprehensive bible of Greek food in English. Rapidly increasing in popularity, Greek food is simple to prepare, healthy and delicious, and, more than most other cuisines, bears all the hallmarks of the rich cultural history of the land and sea from which it is drawn. It is the original Mediterranean cuisine, where olive oil, bread, wine, figs, grapes and cheese have been staples since the beginnings of Western civilization. With hundreds of simple recipes by Vefa Alexiadou, the authoritative grand dame of Greek cookery, the book also includes information on regional specialities, local ingredients and the religious and historical significance of the dishes, and is illustrated with 230 colour photographs. Greece: The Cookbook is the definitive work on the rich and fascinating cooking of modern Greece.

Vefa Alexiadou is the leading authority on Greek cookery. A bestselling author of thirteen cookbooks in Greece, she also has her own television series and regularly writes articles for magazines and gives lectures and demonstrations on Greek recipes. She has served on the board of the Centre for the Preservation of Traditional Greek Gastronomy.

Incredible cookbook goes through regions and significance of dishes. A comprehensive cookbook of Greek cuisine. You could open restaurants with this cookbook. Greek approved

This is a great book. We bought it as a retirement gift for a friend who went to Greece. Lots of amazing recipes and gorgeous photos.

If you are looking for original, unadulterated Greek recipes, look no further. This is the Bible of Authentic Greek Cuisine, the origin of the Mediterranean diet.

a nice addition to my collection

Amazing cook book! Recipes are truly authentic Greek fare. The Escofier of that regions cuisine.

Recipe's are wonderful. Book binding quality is terrible. I returned the first one, and succumbed to the fact that it doesn't get any better when I received the second one. I'm not sure how long it will hold together - once we start using it on a regular basis. I would prefer to pay more for a better quality product than less for an inferior product.
