Marinades :The Ultimate Recipe Guide - Over 30 Delicious & Best Selling Recipes

Synopsis

The Ultimate Marinade Recipe Guide A marinade is a flavorful liquid that you soak foods in before cooking. Marinades typically use an acidic ingredient, such as lemon juice or vinegar, to help tenderize the meat and carry the flavors into the foods. They also help keep your food moist when you cook them. Baked or grilled recipes frequently benefit from this process. You can add your favorite herbs, spices and condiments to a marinade to customize it into the perfect recipe for you. Marinating meat is one of the best ways to give it more flavor and to tenderize it at the same time. We have collected to the most delicious and best selling recipes from around the world. Enjoy! Customer Reviews

I have many recipes for marinades on so many pieces of paper that it is hard to find the one I like when I need it. Having everything in one book is wonderful. I have reviewed the recipes and I am so impatiently waiting to try each and everyone of them. Using marinades can improve the flavor, in

some cases help tenderize it. If you live in an area such as live in your choice of meat is limited but use marinade and you never seem to be eating the same meal over and over. That is boring.

I have only tried a few of the recipes but trust me they did not disappoint. I can't wait to try the rest of them.

finally got around to reading this on my Kindle...Was surprised to see 31 different marinades for three kinds of meats...steak, chicken and pork. I am not a gourmet cook, so was pleased to see these marinades have common things around my kitchen. This was a free download that I had an opportunity to get.

Muchas gracias

It was a free eBook and we always give free eBooks five stars. as we think it encourages the publishers to continue to provide freebies...and we like to encourage that kind of behavior. If we don't find it useful, then we just never open it again.

I would not have dared to marinate steak with pineapple juice, cocoa or pomegranate juice or chicken with buttermilk, pork with maple syrup, beer or brewed black coffee before this ebook came along. All that was missing was pictures but mine creations tasted good.

I think this is a nice collection of recipes. Many for steak, chicken and pork. I cannot eat the marinades with soy in it though. My selection is less. I don't think it will be a problem finding something good in each category.

Not a . bad read. It contains the same recipe with a few different ingredients. Semi tasty results . n
