Based in Fort Wayne, Indiana, Autumn Carpenter is a nationally known confectionery artist, author, and demonstrator. She has published several books, including *The Complete Photo Guide to Cake Decorating*, *The Complete Photo Guide to Cookie Decorating*, and *Decorating Cakes, Cupcakes, and Cookies with Kids*. She demonstrates annually at the I.C.E.S. (International Cake Exploration Societe) and travels across the United States, sharing the craft of cake decorating and other confectionery arts. Autumn is co-owner of Country Kitchen SweetArt, a retail cake and candy supply store that has been in her family for over 45 years. The business caters to walk-in store sales, catalog sales, and an online store, shopcountrykitchen.com. Autumn has developed her own line of useful tools and equipment for cake decorating and cookie decorating, and sells them online and in many cake and candy supply stores throughout the United States and in several other countries. Her cakes and products have been featured in numerous publications and magazines, including

American Cake Decorating and Cake Central.

Don't get the kindle copy, it is too hard to flip back to a recipe or something you need to locate quickly while decorating cookies. I ordered this and was expecting a book. I guess that I ordered it as a kindle item.:(Be sure that you don't make that same mistake, now I have to pay for the book on top of the kindle copy which was almost \$12. I ordered three books on Cookie Decorating and this is the one that I refer to mostly. I really didn't need the others. This book is the best one by far. I am enclosing pictures on my first try for my daughter's baby shower.

A plan for this year is to become competent in baking and decorating rolled, cutout cookies. Thanks to this excellent book, I'm now very motivated! The information is detailed and logically presented, and the many, many photographs are clear and helpful. It's hard to imagine a more useful handbook for learning cookie decorating. I'm reading the general information, some of which is guiding me in choosing materials and supplies. I'm grateful for that guidance, since there is so much to choose from and I totally don't know what I'm doing. Autumn has definitely provided good learning guidelines to a cookie decorating newbie who was feeling a little overwhelmed.

I purchased this book shortly after it was released. I've been making cookies decorated with royal icing for about 1 1/2 years. This book surpassed my expectations for information. The ideas are endless but all possible because of the great instructions and numerous photos. Strongly recommend this to a beginner or advanced cookie baker. Order it, sit back with a cup of tea and a cookie and enjoy the wealth of information!

I've only just started with cookies and cookie decorating and this book was recommended by several people on a forum I belong to. I also enrolled in the author's Craftsy class. This book has so far been everything I need for my cookie decorating. It's very informative. :) My first large batch of cookies was a hit! My only gripe? I wish I had gotten the actual book, not the Kindle edition! I just want to sit and flip through the pages!!

I was very surprised by this book (Complete Photo Guide to Cookie decorating) in the number of ideas that was listed. The author also wrote a Cake version which I bought and thought it was AMAZING ! This book is great for beginners and those more experienced. It has lots of ideas and skills . It is all written very simply too.

MY NEXT STEP TO WILTON SELF HELP OR GUIDANCE INC COOKIE DECORATING.
BEAUTIFUL ILLUSTRATIONS AND WILL TEACH THE KNOW HOW FOR COOKIE DECORATING
FOR ALL OCCASIONS THE ESSENTIAL REFERENCE FOR BEGINNERS AND EXPERTS. WITH
HUNDREDS OF IDEAS AND TECHNIQUES AND STEP BY STEP INSTRUCTIONS FOR PIPING,
PAINTING, FONDANT AND RUN SUGAR

This book has lots of good ideas and I used the sugar cookie recipe and liked it! I used the frosting recipe from Wilton, though, this first time. Looking forward to looking at it more. Very thorough.

I took a Craftsy course instructed by Autumn Carpenter. Many, if not all, of the techniques done in this book were done in the course. This book is an excellent book to back up that course and review as needed, but it is also great without the course. Wonderful ideas and the instruction is easy to understand. The course is certainly worth taking as well.
