## Customer Reviews

When I was in my late teens to mid 20's and beyond, even to today, Keith Green's music has always spoken to my heart. Here I am today, 50 years old, and our 15 year old son has discovered Keith Green music, and loves it. It seems Keith's message and his music are timeless! Our son is taking piano lessons, and he really loves the song by Keith Green, "The Prodigal Son Suite", and he wanted the music to it in the worst way. I looked a lot of places for it, and when I came across this music book, which actually has the notes to the music, and not just the chords, I was elated. It made for a wonderful "stocking stuffer" for our son this past Christmas. He has begun to work on learning to play it, and is eager to be able to play the whole song, both here, and one day in heaven!

Back in the 70's I remember that many "Christian radio" stations would not play Keith Green music... Apparently they thought he was too in-your-face. Which he was. He called a spade a spade: just like Jesus did. ANYWAY ~ this collection parallels the CD of the same name (which I also own) -- and the piano arrangements are quite authentic (Keith was a pretty awesome pianist) -- as are the keys, which tend to be pretty high (he also had a huge tenor range). There are also chord symbols for those who don't read notes. If you aren't a pretty decent pianist, you will be heavily challenged; if

you have the chops, you will enjoy playing these arrangements.

Purchased as a gift for a dear friend who just graduated from high school, who is a very gifted pianist and dearly loves the music of Keith Green. Although Keith's music dates back to the early 1980s, it is timeless and multi-generational contemporary Christian music. This young man's parents - also gifted pianists, love his music, and although I am old enough to be his grandfather, I dearly love his music as well.

I just received this music for Christmas! For me, even though I love music (and Keith Green), I'm not musically inclined. But the music that is in this book has such a wide range of levels (mostly beginner/Intermediate), even I was able to play Rushing Wind right off the bat. The thing that surprised me most was the thickness of the book. For 241 pages of wonderful music it's a great deal. The only thing I have found troubling is keeping the book open. Paperclips are working right now but I might have to make copies. A spiral-bound book would've been best.

Well laid out. Only thing better would have been spiral bound with fold out music.

We love the music of Keith Green and were so happy this was available to buy. We had one year ago and lost it. Now we can play Keith's wonderful music note for note!

Keith Green's music will never grow old. Uplifting. Tells the gospel, good music. I have had the tapes, then CDs, now loaded in my iPod and iPhone, never tire of this music. Wish he were still alive to write more music.

Great product
