Has some really yummy recipes great cooking/kitchen tips. Especially liked the Thai It Up Chicken Soup...definitely a feel good comfort food with a little different take on traditional chicken soup. Each recipe gives nutritional content breakdown which is great. Not every recipe has a picture but the ones that do are beautifully illustrated. Makes a wonderful gift.

Wonderful recipes and information for healthy living....each recipe has tips for alternate ingredients.....beautifully written.....loved the section on snacks and eating out as well as eating in.....Well Done

The first ten pages are worth the purchase... An easy honest look at real human proportions. Recipes are good and well explained. Great to have above the stove.

Gave this book out as holiday gifts. Bought one for myself and the recipes are great!
