Customer Reviews

I love Bible coloring and Scripture study and purchased several items to introduce my sister to this new art. I purchased this book for her for Christmas but didn't end up giving it to her. Although the book is nicely made and constructed with a well-done glue pad style binding and adequate coverstock, the coloring pages are really lightweight and they are poorly designed from an artistic standpoint, with stray lines (as if from badly done photocopying), and in many cases, the text is not welded which gives the artwork a choppy appearance. A lack of welding in this context means that in cursive or calligraphic writing you can easily see overlapping lines in the letters that detract from the design. If you or any of your friends create word art to be cut on one of the myriad of machines out there, you probably understand what I mean, but if you don't, you've just to look at the photos below where the letters run into one another rather than flowing one to another as true cursive or calligraphy does. Also, I found some spelling issues and some very pixelated text. Some of the pictures are decently done, but for the most part, I really would not recommend putting money into

this book until they clean it up, design-wise, when there are so many better quality options out there. I really tried hard to like this one, but with letters that overlap and look awkward, I just can't do it. Well, you can judge for yourself whether you care or not about the design issues. As for me, I won't be after spending time coloring in this one.

There is a big typo on one of the coloring pages. They wrote the word, "Thought", rather than the word "Though" for Psalm 37:24 ("Thought they stumble they will never fall". They should have written, "Though they stumble they will never fall"). Normally I would just ignore it but I planned on giving this as a gift for someone. Plus it's poor workmanship and a bad example for kids who are told to check their spelling. A publisher should have caught the error.

I have become an addict of coloring books and now have them coming to our library for a "coloring afternoon". Your speedy service in getting this book to us was great.

Very Unique.

Great coloring books for teens! My granddaughters love them!

I love it!

Too many little biddy things to color but the pens aren't that small.

Beautiful book. I haven't had the opportunity to color yet but looking forward to it!
