Customer Reviews

This book covers everything from small vessels commonly used by civilian sailors to the most advanced types of boats and equipment on the market. 1991.

definitely out of print issue lots of info good price

Well done.

If you know nothing about sailing, this will answer all of your questions. If you know a lot about sailing, this will teach you more. It starts with the basics and takes you on to the really advanced theory. Easy to read and understand. A must for any serious sailor.
