Customer Reviews

I have owned mini english bull terriers in the past and currently have a 4 1/2 month old mini. I thought i knew a bit about the breed having owned them now for sometime. I was surprised at the detail provided in this book. Good read! Packaged well and arrived on time as usual

Would have been nice to know that it use to be a library book, so it had that weird plastic covering.

A comprehensive volume on Bull Terriers. A must read and must own book for those who are new to this breed or to those who are interested in purchasing a bull terrier as a companion for their family.

Very good book. I like it very much. Lots of good information. I'm glad I have the book and read it a lot.

If you are looking for information and solid reading on the AKC Bull Terrier then this is the book for you! As a long time breeder, this is finally a book I can recommend for novices interested in the breed. The book is also enjoyable for us that have been in the breed for a while too. The book includes color pictures of well known dogs in the breed along with some history. I have purchased this book several times over for gifts.

Well written, as far as it goes. Great full colour pictures, though a little over-done on the History of Breed Champions. (Could have used a little less ancient history on former Show Champs, and concentrated a bit more on more immediate concerns.)
