Simply Tarot (Simply Series)

Synopsis

Before you begin this introduction to Tarot, you may ask yourself, "Am I psychic?" The surprising answer: the Tarot deck is the best possible way to find out! Follow this guide and uncover your gifts, while you explore the mysteries of the Tarot through the clear directions and explanations. Start from how to choose the right Tarot deck, and care for it to enhance its power. In addition to both traditional and modern explanations for all 78 cards, you'll find exercises to develop your reading ability, six different spreads, advice on doing a reading for someone who's in a different location, and--for times when you have no Tarot deck--instructions for doing a reading with regular playing cards.

Customer Reviews

Most accurate tarot book available. It has the old meanings, modern meanings and reversed meanings. It is really sad that this book is out of print but I would recommend it to any tarot reader.

Helpful, easy to use. Perfect for beginners. I wanted more than the content provided.

The book was just like it was described, possibly even better. It was just like new and I don't believe that it was actually listed as such. I got the book very fast and had no troubles getting it. It was a great purchase and dealing.

Very Easy to understand and I like her spin on the cards.

Easy to understand. I use it in conjunction with another book and I find that it is pretty much on point.

I haven't studied this book in detail as yet but I am looking forward to doing so. It seems a well written, nicely presented book.

I received this book as a gift and have started to look through it, so I will not rate the book at this time(sorry I have to rate it or you cannot see what I wrote here).What I noticed and this may help the other customers, is that the pictures are of a "Rider Waite" deck, but the texts seem to match the cards of a "Morgan-Greer deck".Example Queen of Swords: in the book the picture: of her crown has curved shapes no edges and there is mention of red roses, but the text tells of sharp edges and also of red roses (passion) and that her is dark hair.Nine of swords: the wrong picture for the description, but the perfect picture for the "Morgan-Greer Tarot" deck.These are different decks of cards. So far this books text fits the "Morgan-Greer Tarot" perfectly.Maybe this helps clears-up a few questions people were wondering about.

This is the first tarot book I ever picked up and after reading several this is still my favorite. The author very simply lays out each card and explains the symbolism of the image, which is very helpful because my deck is not the same as the one she uses, but the symbolism is the same. there is a page long explanation for each card's meaning and a quick explanation of the reverse meaning. There are two reasons why I give this book 4 stars instead of 5. First off, the author lists the cards according to suit (ace to king of each suit), where I find it easier to look up cards according to number (aces of all suits, twos of all suits, etc). Secondly, the author doesn't really go into how to connect with your cards, how to shuffle, or too much detail about the meaning of placement within certain spreads. but this is the best place to start when you buy your first deck!
