Customer Reviews

I am an experienced baker and have tried only the sandwich bread recipe, as it was worth the price of the book to find some good bread. It is horrible bread and raised exactly 1 inch....well, it didn't raise since the batter was one inch. So, I read the instructions again and again, and started over. The second time, I got the same exact results. This cookbook is a waste of money.

The photos on the front and back cover don't reflect the actual recipes in the book. There are no recipes for those breads in the book.

Horribly Written. On Page 22 The Blueberry loaf calls for Butter but there is no butter listed in the

ingredients. The instructions are difficult to read and at times make no sense. Page 20 is confusing. I attached a pic so you can judge for yourself. The recipe says to make the cinnamon swirl by mixing the erythritol and cinnamon together & set aside. Next cream the butter and Ery. together? But there is no additional ery. listed in the ingredients, so I guessed and used the cinnamon swirl. Step 4 after whisking the egg whites to a stiff peak fold the butter mixture into the egg mixture. Pour into the baking pan. Step 5 Pour half the mixture into the loaf pan. What! The recipe just read to pour the mixture into the baking pan now in the next step you say pour half the mixture into a loaf pan. .

I love this book!!! It has all the breads that I have given up for so long. Now I can bake all the wonderful breads and eat them to. Yea! Highly recommend this book to anyone who is looking for a KetoDiet bread book!!!!

My family has been so patient while I experimented with so many different bread recipes. This book has made them willing test subjects.

Easy to read and follow. I'm not great at the separating eggs and making egg whites into merengue like mixtures, which a lot of the recipes call for. Only reason it doesn't get a 5 star rating.

Easy to make breads and treats! The whole family can enjoy! Recipes good enough to share. And gluten, wheat free too!

This works great with the wheat belly diet! Thanks! Make sure everything is room temp when using yeast rises so much better!
