Cengage Advantage Books: Business Law Today, The Essentials: Text And Summarized Cases

Synopsis

Interesting, clear, and applied, BUSINESS LAW TODAY: THE ESSENTIALS is your concise guide to the law and what it means in the business world--from contracts and secured transactions to warranties and government regulations. Easy to understand with an engaging writing style that is matched by vibrant visuals, BUSINESS LAW TODAY includes coverage of contemporary topics that impact not only the business world, but your life such as identity theft. Fascinating features and intriguing cases highlight the material's practicality. The text's companion website includes resources to help you study, such as sample answers to selected end-of-chapter business scenarios and case problems (one per chapter) ; Internet exercises; and interactive quizzes for every chapter.

Roger LeRoy Miller, Ph.D. has served on the faculty of several universities, including the University of Washington, Clemson University, and the University of Miami School of Law. As a professor, he has taught intellectual property law and entertainment law, among other subjects. A widely published and respected author, his work has appeared in the Insurance Counsel Journal, Defense Research, California Trial Lawyers Journal, Antitrust Bulletin, Wisconsin Law Review, and Connecticut Law Review. He has authored or co-authored numerous authoritative textbooks on law, including BUSINESS LAW: TEXT & CASES; BUSINESS LAW TODAY: TEXT & SUMMARIZED CASES; and THE LEGAL ENVIRONMENT TODAY. Professor Miller completed his studies at the University of California at Berkeley and University of Chicago.

I'm a Human Resource major. This is a a great introductory level book. Of course if your class requires this book then you won't care about how the book compliments the class. What you want to know is the condition. Overall it was in good condition. All of the pages were there and the book was structurally sound. The only gripe I have is that people wrote in this book quite a bit. Some of it didn't make any sense. It progressively became worse throughout the semester. Its not to bad where I couldn't read the book, but it was a little bit distracting sometimes.

I had to purchase this book for a business law class that I took, I am glad that I have kept onto this book because there have been some times when I really needed to look up some information about the legal processes involved in daily business operations. I was able to look back and refer to this book to answer some questions that I had, as well as going into detail and explaining the different legal business aspects that every business needs to learn how to deal with.

This textbook is a lot easier to read and understand than I expected. When I found out I had to take business law I was kind of annoyed but it was my easiest book to read this semester! The examples are real world examples and you can even research the cases and get more information (I know I needed to for my assignments). I've definitely recommended this book for other friends who are taking this class with other professors and struggling. It's so much easier for them to understand!

This book is full of information that is easy to digest for the lay person. It includes how to write a

case brief as well

Its hard to love a text book, but this is well written and useful. Lots of information. The Kindle edition works great, except I wish they would improve the highlight capability to add more colors, and do it quickly. Also, my Kindle Pc app has a default setting which is to not remember where I was in the book when the app was last closed.

Very informative. The kindle medium was helpful for studying and test prep. There were a couple of errors that my professor had to correct.

If you're buying this, it's kind of a "required" purchase. But as far as school books go. I have to say this one is organized well and easy to read and understand. The sidebar questions are relevant too. Other than that, it's a college book.

This book was required for a college class. I found it very well organized with many very helpful appendixes at the end. It was easy to follow and explained complex legal terms and concepts clearly. The text is introductory but comprehensive and current.
