Mostly accurate as of 4/2017. Good ideas of where to go,

Will help with planning my trip there in several months.

Great info in all areas except scuba diving. There weren't any tips on how to book the many trips they mentioned. Also, for us first timers, we need to know if training is necessary and how to get it. The restaurant and bar coverage was great. HL

This guide is not much more than a booklet. I found more just surfing the net. Don't waste your \$1.99 on this 'guide.'

Short and Barely informative to plan a vacation trip. I should have spent my money on a more informative and accurate guide.

Fine for what it is. What it isn't is a comprehensive guide to Key West. Lots of good information, but not very complete. It is a great overview to the Keys, but you need more than this book to plan your visit.

Very good booklet with excellent suggestions for a variety of restaurants and fun bars to go to in Key West.

I was looking for a short read travel guide strictly on Key West. I found exactly what I was looking for! No fluff, no filler content...just good information.
