Customer Reviews

I got this initially as part of a downloaded PDF at reduced cost but wanted the actual book so I ended up buying it. DO NOT REGRET IT AT ALL!!! I love the art, cuss words and everything about it. the back of each page has black so if the pages smear, they won't get on the back of the page OR leak through to the next drawing. I love that they have only one design on each page, not front and back. If you love to color the crap outta things like I do, why the hell are you still reading this? Go buy this now! Jade Summer you are a certified genius...

I bought this as a gift to my co-worker that was having a particularly hard week. She has a sense of humor and knew it would not be offensive via the swearing words/phrases. She absolutely loved it! It has black pages in between so if gel pens or markers are used, the ink wont soak through.

I thought my husband would love this, but after the initial chuckle at the concept it didn't really hold his interest. The pages are repetitive and the designs are not very intricate.

All my favorite expletives in one place. Now my colorful language will be just that.

I Love This Book! So glad I ordered it!! I will be ordering more from the same author!!

Funny! Great gift for a good laugh

Love it! Funny and easy to color!

Some were too vulgar.
