Glenn Miller Declassified

Synopsis

On December 15, 1944, Maj. Alton Glenn Miller, commanding officer of the Army Air Force Band (Special), boarded a plane in England bound for France with Lt. Col. Norman Francis Baessell. Somewhere over the English Channel the plane vanished. No trace of the aircraft or its occupants has ever been found. To this day Miller, Baessell, and the pilot, John Robert Stuart Morgan, are classified as missing in action. Weaving together cultural and military history, Glenn Miller Declassified tells the story of the musical legend Miller and his military career as commanding officer of the Army Air Force Band during World War II. After a brief assignment to the Army Specialist Corps, Miller was assigned to the Army Air Forces Training Command and soon thereafter to Supreme Headquarters, Allied Expeditionary Force, in the UK. Later that year Miller and his band were to be transferred to Paris to expand the Allied Expeditionary Forces Programme, but Miller never made it. Miller's disappearance resulted in numerous conspiracy theories, especially since much of the information surrounding his military service had been classified, restricted, or, in some cases, lost. Dennis M. Spragg has gained unprecedented access to the Miller family archives as well as military and government documents to lay such theories to rest and to demonstrate the lasting legacy and importance of Miller's life, career, and service to his country.

Book Information

Hardcover: 408 pages

Publisher: Potomac Books (September 1, 2017)

Language: English

ISBN-10: 1612348955

Customer Reviews

"Dennis Spragg not only brings Miller's entire professional life and career into sharp focus; he artfully weaves together strands of military, aviation, political, and cultural history to

produce what is sure to be the definitive biography of this dedicated patriot and gifted entertainer. Glenn Miller Declassified is a richly researched and wonderfully crafted work. — Mark J. Conversino, deputy commandant and professor of strategy and security studies at the U.S. Air Force School of Advanced Air and Space Studies (Mark J. Conversino 2017-02-27)

“Glenn Miller Declassified is a remarkable feat of historical investigation, technical analysis, and cultural retrospective. Meticulously researched, the author provides the most compelling argument yet of what happened to one of America’s most influential musical figures. — Col. Matthew M. Hurley, U.S. Air Force (Ret.), and former USAF and division chief, ISR Doctrine and Policy (Col. Matthew M. Hurley 2017-05-05)

“With great dedication Dennis Spragg has extensively researched the stories that have long circulated about the disappearance of our father’s plane during World War II. Finally, there is resolution to this long-standing mystery. — Jonnie Miller Hoffman, daughter and surviving heir of Glenn Miller (Jonnie Miller Hoffman 2017-02-27)

“An excellent historical detective story that brings to life a small period of time that changed the course of the music world and once and forever lays to rest all the silly theories. — Edward F. Polic, historian and author of the definitive Glenn Miller Army Air Force Band discography, — “Sustineo Alas / I Sustain the Wings” (Edward F. Polic 2017-02-27)

Dennis M. Spragg is the senior consultant of the Glenn Miller Archive and the American Music Research Center at the University of Colorado Boulder. A veteran broadcasting and media research professional, he is an internationally known expert on Glenn Miller who has been featured in the PBS television series History Detectives and a BBC Radio production. Incredibly researched! Does not disappoint a Glen Miller fan.

This newest issue, within the author Dennis M. Spragg tries to fill in the gap why Alton Glenn Miller, the begifted entertainer, musician, bandleader and a really US patriot suddenly had been disappeared on December 15, 1944. planning a concert trip by the whole orchestra to liberated Paris. Meanwhile the orchestra itself had arrived Paris. Glenn Miller would arrive on a later time by a RAF Noorduyn Norseman plane. This issue is a memory now to the left behind family Miller. Everyone till now was really told and thy believed he had been killed by a plane accident above a rather foggy Channel area, but a possible wreckage of the RAF Noorduyn Norseman plane was

never found there, even by intensive searching efforts by ships and reconnaissance planes, and sometimes a diving squad from Britain and France, and even from the Netherlands. Everyone who likes the remarkable music of Glenn Miller, (me too!) have to read this book. It's a welcome supplement to the books Sustineo Alas by Ed Pollic and Glenn Miller and his Orchestra by George T. Simon. I,m glad to have both books!
