Customer Reviews

I ordered one of these maps not realizing it was "easy to read" which means the majority of secondary roads are not shown nor or towns. I went back to and ordered another which was not identified as "easy to read". When I received it, same thing. If all you want is a map showing the interstates and some secondary highways this will work but I would look elsewhere.

The paper that these maps are printed on is far too thin and crisp. They tear every time they are unfolded/refolded. During the course of a two week motorcycle trip, the maps became useless. I won't be buying maps from Rand McNally again.

fast and as described

Perfect

One confusing fact from the description is the format of the map. This map actually has 1/2 of the state on each side of the map. I was looking for a map with the entire state on one side to put on the wall. Not the case here, and not explained in the item description.

I picked this up for my EDC bag, its compact and clean with good detail. not much more I could ask for!

Great maps. easy to read. no issues.

great
