# Red Platoon: A True Story Of American Valor

## Synopsis

THE NEW YORK TIMES BESTSELLER The only comprehensive, firsthand account of the fourteen-hour firefight at the Battle of Keating by Medal of Honor recipient Clinton Romesha, for readers of Black Hawk Down by Mark Bowden and Lone Survivor by Marcus Luttrell. *“It doesn’t get better.”* To us, that phrase nailed one of the essential truths, maybe even the essential truth, about being stuck at an outpost whose strategic and tactical vulnerabilities were so glaringly obvious to every soldier who had ever set foot in that place that the name itself *“Keating”* had become a kind of backhanded joke. In 2009, Clinton Romesha of Red Platoon and the rest of the Black Knight Troop were preparing to shut down Command Outpost (COP) Keating, the most remote and inaccessible in a string of bases built by the US military in Nuristan and Kunar in the hope of preventing Taliban insurgents from moving freely back and forth between Afghanistan and Pakistan. Three years after its construction, the army was finally ready to concede what the men on the ground had known immediately: it was simply too isolated and too dangerous to defend. On October 3, 2009, after years of constant smaller attacks, the Taliban finally decided to throw everything they had at Keating. The ensuing fourteen-hour battle *“and eventual victory”* cost eight men their lives. Red Platoon is the riveting firsthand account of the Battle of Keating, told by Romesha, who spearheaded both the defense of the outpost and the counterattack that drove the Taliban back beyond the wire and received the Medal of Honor for his actions. A vitally important story that needs to be understood by the public, and I cannot imagine an account that does it better justice than Romesha’s. Sebastian Junger, journalist and author of *The Perfect Storm* *“Red Platoon”* is sure to become a classic of the genre. *“Hampton Sides, author of *Ghost Soldiers* and *In the Kingdom of Ice**

Ã¢ "This ranks among the best combat narratives written in recent decades, revealing Romesha as a brave and skilled soldier as well as a gifted writer....Romesha remains humble and self-effacing throughout, in a contrast with many other first-person battle accounts, and his powerful, action-packed book is likely to stand as a classic of the genre.Ã¢ •Publishers Weekly (starred review)Ã¢ "The book is riveting in its authentic detail....Romesha ably captures the daily dangers faced by these courageous American soldiers in Afghanistan.Ã¢ •Kirkus ReviewsÃ¢ "[RomeshaÃ¢ ,cs] account displays all the hallmarks of superlative wartime reporting: unflinching honesty; vivid, in-the-trenches description; and deeper reflections on the pathos of battle.Ã¢ •Ã¢ •BooklistÃ¢ "[A] clear and expertly crafted account of an iconic fight during the Afghan War.Ã¢ •Ã¢ •Library JournalÃ¢ "[Red Platoon is] compelling and rich with detail into a world most of us will not experience. It's something that will have you gasping as you hold your breath, rooting for Romesha and his comrades to prevail. More important, it is something that rises to the level of literature in its portrayal of a battle most Americans probably know nothing about, as a part of a war our country still seems to be struggling to understand.Ã¢ •Ã¢ •Grand Forks HeraldÃ¢ "What sets Red Platoon apart is RomeshaÃ¢ ,cs thoroughness in recounting the frantic scramble of

events.â•â• Herald and Newsâ•â“It is so well written you’re likely to feel you’re in the middle of the action....Red Platoon will make you marvel at the courage of our young men in the face of a much larger force and the stupidity of the generals who put them there.â•â• Minneapolis Star-Tribuneâ•â“This compellingly candid detail written by Medal of Honor recipient Clinton Romesha tells of the grisly tumult of the Battle of Keating through the rawest of lensesâ•â•his own.â•â• Paradeâ•â“Red Platoon by Medal of Honor recipient Clinton Romesha will probably prove to be the definitive literary contribution of the war in Afghanistan.â•â• Lincoln Journal Star”I read the first half of Red Platoon in one sitting and that night had such intense combat dreams that I actually thought twice about picking the book up again. In addition to being a superb soldier, Romesha is an utterly irresistible writer. I’m completely overwhelmed by what he has done with this book. The assault on Camp Keating is a vitally important story that needs to be understood by the public, and I cannot imagine an account that does it better justice than Romesha’s.â•â• Sebastian Junger, journalist and author of *The Perfect Storm*â•â“Rendered hour by hour and sometimes second by second, here is battle narrative the way it’s supposed to be written. Gritty, plangent, and unflinching, Red Platoon isâ•â sure to become a classic of the genre.â•â Through his courageous and no doubt painful act of remembrance, Romesha has done his comrades, indeed all of us, a great serviceâ•â•leaving an epitaph that will live through the ages.â•â• Hampton Sides, author of *Ghost Soldiers* and *In the Kingdom of Ice*â•â“Red Platoon is riveting. Like many who were in either Iraq, Afghanistan, or both, I often read books about the wars reluctantly, because it is hard to capture the essence of the experience. In my view Red Platoon is a brilliant book. Had Clint Romesha depicted the soldiers at Keating as a collection of steely-eyed warriors, their feat would have been impressive. Because he captures the reality of a collection of personalities as diverse as America itself, their courage is truly inspiring.â•â• General Stanley McChrystal, U.S. Army, Retired â•â“Red Platoonâ•â celebrates the most crucial aspect of military operations: the team. Clinton Romesha and the men of Black Knight Troop faced harrowing conditions and a determined enemy during the Battle for COP Keating, and in the process discovered exactly who they are. This account is an important tribute to everyone who fought, and especially to the eight Americans who on that day made the ultimate sacrifice for their country.â•â• Mark Owen, author of *No Easy Day* and *No Hero*â•â“Red Platoon exemplifies the courage and resiliency our country was founded on. Clint is a trueâ•â brotherâ•â and a man thatâ•â I look up to.â•â• Dakota Meyer, Medal of Honor recipient and author of *Into the Fire*â•â“The men of Red Platoon and their actions at COP Keating deserve to be known. Clint

Romesha's story takes hold from page one and makes you feel every inch of the battle, but it is the bond between soldiers that will stick with you. Red Platoon is on my list of the best books about the Afghan war. • Kevin Maurer, bestselling coauthor of *No Easy Day* A visceral, heart-pounding account of men in close-quarter combat that is simply impossible to put down. Astonishingly intimate and beautifully written. A word of advice: don't start this book if you're planning on doing anything else for the next few hours. • Scott Anderson, author of *Lawrence in Arabia* Danger and death accompany combat. When unexpectedly surrounded and outnumbered by a Taliban enemy force, the stakes soared. Responses by the men of Keating were courageous. Led by Staff Sergeant Clint Romesha, this band of brothers countered with supreme valor. This true story will make you proud of the American soldier. You will not want to put Red Platoon down. • Colonel Bill Smullen, U.S. Army, Retired

Former Staff Sergeant Clinton L. Romesha enlisted in the Army in 1999. He deployed twice to Iraq in support of Operation Iraqi Freedom, and once to Afghanistan in support of Operation Enduring Freedom. At the time of the deadly attack on Combat Outpost (COP) Keating on October 3, 2009, Staff Sergeant Romesha was assigned as a section leader for Bravo Troop, 3-61st Cavalry, 4th Brigade Combat Team, 4th Infantry Division. He is the recipient of numerous awards and decorations, including the Medal of Honor, which has been received by only twelve others for the heroism they displayed while serving in Iraq or Afghanistan. Romesha separated from the Army in 2011. He lives with his family in North Dakota.

Clinton Romesha's *Red Platoon* is a compelling and engrossing story of a true event: the attack on his platoon's position at an outpost in Afghanistan, a fight that resulted in his own award of the Medal of Honor. In the spirit of *Lone Survivor*, *Black Hawk Down*, and *American Sniper*, this true story is masterfully written and compelling, keeping this reader fully engaged from first page to last. Combat Outpost Keating was a disaster waiting to happen. It was poorly situated, being near the bottom of a valley dominated by looming escarpments, and very close to a small village that provided potential staging points for the opposition. It was at the end of a very difficult supply route, and in a position that didn't allow for dependable air or artillery support. Some of the base security was provided by undependable indigenous personnel, primarily Afghani police forces. When Black Knight Troop, the outfit which included Romesha's Red Platoon, rotated in the

decision had been made to dismantle the outpost and shut it down. But before this mission could be carried out the Taliban staged an attack in force. As the outpost was already partially dismantled, its defenders found themselves hampered not only by their position—innate vulnerabilities, but also by virtue of the position no longer being at full capability, making their situation even more dire. Their battle against seemingly insurmountable odds and overwhelming force will keep you turning the pages until the last chopper flies out. I'd also like to extend my respect to Romesha, as well as those other Keating defenders mentioned in the book who performed so nobly and bravely. Outstanding.

Red Platoon, like all such books of the USA's recent conflicts, was a tough read. I expect the prior generation had much the same feeling regarding books about the Vietnam War. Perhaps I simply know too many men and women who've fought in these conflicts. Either way, the book is fantastic. Red Platoon first introduces the NCOs and officers of the platoon. Most of them were veterans of either Iraq or Afghanistan already, though few had been assigned to the same unit prior to being sent to COP Keating. COP Keating is accurately described as a wretched folly, mainly because of its completely indefensible position. When the members of Red Platoon arrive, ostensibly to shut down the base, they immediately realize their predicament. Constant harassing by the Taliban confirmed the platoon's worst fears. They were literally vulnerable from every angle, and being at the bottom of the valley allowed the insurgents to target them with almost no risk of harm themselves. Red Platoon, along with White and Blue Platoons, settled into a sort of rhythm. They came to regard the steady attacks as just part of the routine of COP Keating. However, when a determined, large Taliban force some 300-strong decided to assault the outpost directly, it came as a terrible surprise. The men of Keating were outnumbered nearly 5:1, and the enemy applied the lessons they'd learned from all their minor attacks to focus on the defensive positions. The sudden attack put even these professional soldiers on their heels. The immediate collapse of the allied Afghan forces aided the enemy greatly. Once the insurgents penetrated the base itself, the men of Keating had to fall back to the Alamo. This is not an easy read in terms of the subject matter. The almost clinical recounting pulls no punches. There is proper scorn heaped on those who established the outpost in the first place, especially for the reasons noted by the author. The situation regarding support and supply for the remote outpost makes it clear that the men of Keating were all but on their own. The thought is rather chilling, and one can hardly imagine that feeling. The author relates the last moments of many of those who were killed, some by snipers, some by heavy firepower concentrated by large numbers of Taliban. The book is a fast read, but it's one to slow down

intentionally while reading to absorb the impact of each stage of the battle. As an account of the events that culminated in the author receiving the Medal of Honor, this is a wonderful book for military supporters and those with loved ones in the military.

One of the most intense books I have ever read. I couldn't put it down. The author put me right in the middle of the most intensive fire fight ever put into print . A most unforgettable and well written book. Ranks right up there with Sympathy for the Devil as far as writing goes. A book that must be read to truly understand what really what happens in combat under fire and gives new meaning to the phrase " fog of war ". For those who have never faced a firefight or combat will come away with new understanding of our men in action against overwhelming odds and never give up.

Remarkable. I sent a copy of this to my Son, a decorated Marine..

A powerful moving well written accounting of not just one mans heroics but a group of men stuck in a no win situation. I cried while I read this. I cried for the moms of the men who survived and for the dads of the men who were lost and for the brothers and sisters who will never be able to comprehend the service and sacrifice these service men and women come home with. It was a particular honor to see a high school friend recognized as one of the support personnel that made a difference in the battle. Thank you to Angel Montes and all of the men and women Clinton was able to mention and those who weren't for serving your country and each other.
