## Customer Reviews

Scott Andrews works as a website editor for the BBC and was a comic book writer in a previous life, when he wrote for Marvel and Galiber, *Troubled Waters* is his first book. He lives in London.

Mr. Andrews book about Dawson's Creek is a good read. It is funny and a great collectors book. I really enjoyed reading about the show from another fans perspective. The only complaint I have is that he has a few errors about events on the show. Not very many but enough to keep him from getting a full five stars from me.

This book is a great guide to the first four seasons of the series. It gives commentary, plus very

interesting insights. I love the list of bloopers from each episode.
