Customer Reviews

This book is well documented. Has alot of stories about gold exploration in NY state. Mostly of interest to people who live in New York state who are interested in looking for gold. Of local interest. No there are no great gold finds in NY other than Truman Hurd who did find gold and left a paper trail to prove it. Very interesting read.

This book has alot of info on the area about mines and areas of interest. Anybody looking for gold in n.y. must read !!!

It may be an esoteric topic, but if you have even a slight interest in the subject matter, don't hesitate to check out this little book. It's a brisk read, entertainingly written and exceedingly well-documented!
