The Promise Of Life

Synopsis

The true story of 18-year-old Danielle, who leaves her comfortable home to move into a cramped apartment with her controlling boyfriend. At first everything seems exciting and foreign. Soon, though, their small space seems to get smaller, she starts to miss the comforts of home, the peace and quiet of her own room, and her family. Her boyfriend insists as long as they're together, all is good, but he's becoming more and more unstable with each passing week. After three months, Danielle realizes she's made a mistake by moving in with him and his friends, but now the consequences are real. She is pregnant. How will Danielle navigate her way through the heart-wrenching decision making process of doing what is best for her baby? With the help of her family and an unlikely support network, Danielle will come to see how one decision can cause a ripple effect that changes the lives of herself, those she loves and some she has never even met before. This true story will show how bad choices can be used by God to bring joy to so many, and how there is much more to adoption than the world thinks.
