Customer Reviews

Needed this for school cause we didnt get a nursing diagnosis book. All our teacher love ackley and i have always loved anything by mosby. The 5th ed is a smaller version of the 11th ed which is more

expensive. My classmates got the bigger one but i wanted something more compact if i wanted to bring it to clinical. Will see if i suffer or not for it.

I purchased this toward the end of nursing school. I had the previous version already and loved it, but also like a few of the updates in this one. I love that you can look up the medical diagnosis in the front of the book and that there are possible Nandas listed. This was really helpful for making careplans! Mosbys is the only nursing diagnosis book I used, so I can compare it to others. This was the book that was most highly recommended by everyone I asked.

Fast shipment. Item as described.

Served it's purpose for the test I took.

Easy to use, comprehensive list

Got here fast and as described.

Thanks for making things reasonably priced!!

Arrived in perfect condition!
