Customer Reviews

Disappointing quality of photography and copy vs. expectation at this price point. It won't have a place on my book shelf.

Great images and inspiration. More driven towards artful photography than detailed exploration, imagery and descriptions of different cars.

Photos are great, very happy to buy it. Different approach to some classic models. Now I may purchase BMW & Mercedes editions too.

It's an amazing book very well printed with amazing images. For whom who loves Porsches and also Pictures. Good choice and also good gift.

My brother and I purchased this for my dad for Father's Day. When it arrived, we were surprised to see how big it really is--in a good way. The pictures are beautiful and artistically done. My dad has spent hours flipping through it.

Brilliant.

My book arrived with a tip of front cover creased. This devalued quite a book of this style. i i

I bought this as a Christmas present for my son-in-law. He was thrilled and totally absorbed in it. Perfect for Porsche lovers.
