Laura In The Kitchen: Favorite Italian-American Recipes Made Easy

Synopsis

At long last, the companion cookbook to the hit YouTube cooking show - including recipes for 120 simple, delicious Italian-American classics. When Laura Vitale moved from Naples to the United States at age twelve, she cured her homesickness by cooking up endless pots of her nonna's sauce. She went on to work in her father's pizzeria, but when his restaurant suddenly closed, she knew she had to find her way back into the kitchen. Together with her husband, she launched her Internet cooking show, *Laura in the Kitchen*, where her enthusiasm, charm, and irresistible recipes have won her millions of fans. In her debut cookbook, Laura focuses on simple recipes that anyone can achieve - whether they have just a little time to spend in the kitchen or want to create an impressive feast. Here are 110 all-new recipes for quick-fix suppers, such as Tortellini with Pink Parmesan Sauce and One-Pan Chicken with Potatoes, Wine, and Olives; leisurely entrées, including Spinach and Artichoke-Stuffed Shells and Pot Roast alla Pizzaiola; and 10 fan favorites, like Cheesy Garlic Bread and No-Bake Nutella Cheesecake. Laura tests her recipes dozens of times to perfect them so the results are always spectacular. With clear instructions and more than 100 color photographs, *Laura in the Kitchen* is the perfect guide for anyone looking to get comfortable at the stove and have fun cooking.

Laura Vitale is the host of the cooking show *Laura in the Kitchen*, the most subscribed traditional cooking channel on YouTube, receiving more than 8 million monthly video views, and has

a show on the Cooking Channel called Simply Laura. She has appeared on the Today show and on ABC's Recipe Rehab. Laura lives in New Jersey with her husband, Joe, who produces her show.

This is a tasty, easy book. The Tortellini in Pink Parmesan Sauce is a quick, yummy meal if you're in a hurry. The Pasta Fagioli is delicious. The Sausage with Lentils & Orange Fennel Salad are really fast and yummy. Her Short Rib Lasagne and Pasta Al Forno with Sugo aren't in here. She has vegetarian versions of those in the book, but I think the originals are more impressive. Overall, I think it's a really nice book that will help you pull together quick dinners that are yummy. The kids have given a thumbs-up to everything we've tried so far.

I received my book last week and just tonight decided to try one of the recipes. The dish turned out good, i had to change a few things because i didn't have fresh herbs and yellow potatoes as the recipe required. It was easy to make, my kids who are under 6 years old ate their whole plates so to me this was a good turn out. I have followed Laura for a few years now and I have found most of her recipes to fit my busy mom lifestyle. Now for those wondering about the signed book plate, you had to go to Laura's website and fill out a form with your order number, i didn't find out about it until I saw her husband's post on Instagram with details about. I believe that they are sending out the signed bookplates separately from the book.

I'm skeptical of buying cookbooks from celebrity chefs because I've been disappointed more than once, but that was not the case with Laura's cookbook. Tons of family friendly recipes, with easy to find ingredients. I have used it multiple times now, and my family has loved each recipe.

I never write reviews for anything because I never bother---but this book is worth my time to write about. I absolutely love the book. The pictures are so beautiful it makes me want to eat the page lol..... I've made so many of her YouTube recipes that were all a hit!! So I trust her recipes in the book 100%. What I also love about Laura is that she does indeed make cooking EASY. If you watch her YouTube channel, you'll understand. You don't need to be a talented chef to make a tasty meal. She got me over the fear to cook, and actually enjoy what I make! :) So I was glad when I read the book, that the instructions were easy to read and follow, and the food looks and IS delicious! (I actually ate some of her recipes at her Launch party and it was so good!! :)) There are also many different types recipes to choose from---so you wont be disappointed on the variety. The book is

great, I'm glad I bought it, and I think it would make an awesome gift to someone special---because the book is. :)

As an Italian American myself, I am picky when it comes to Italian cookbooks. This one is a winner! Beautifully done, the recipes are sophisticated yet simple. Delicious but not exotic. I highly recommend this book for anyone looking for authentic, family style Italian delights. I loved it so much I am buying a copy for my mom. You won't be disappointed - Mangia!

I want to try more of the recipes. So far my favorite is roast chicken with herbes de province. I enjoy Laura in the Kitchen.

I've been following Laura on youtube for almost 2 years now, I love her and love her recipes! When she first announced she was coming out with a cookbook I already knew it was going to be fantastic! the cookbook came in quick, and I've already made two weeks worth of dinners just from it alone! This weekend plan on tackling the desserts! I LOVE how its easy directions and not complicated and of course that's what you expect coming from Laura herself! Highly recommend!

I've been watching Laura Vitale's YouTube channel for a little over 5 years now. The first ever video, I watched from her was her version of baked Ziti. Every since I've been a fan. So when she said she was coming out with a book, I knew I wanted to get it. So I pre-ordered the book and I was so excited when I finally received it. I honestly think the book is great. In the beginning of her book, I like how she has the "Must Haves" you need in your pantry and refrigerator. The fact that the book contains recipes, we've never seen on her channel is very special. This book is great for people who want to learn how to cook or if you already do!
