Judgment Has Fallen: A Kurtherian Gambit Series (Reclaiming Honor Book 3)

Synopsis

The City Has Changed...But not always for the better. Some love her, some hate her, but the one thing that is causing the city problems is Valerie herself. As a lightning rod, she needs to get out of the public's eye and allow the emotions to cool without her presence. Whether she wants to, or not. Trusting her friends, she drops back to the shadows to deliver the Justice Michael demands. Why? Because Judgement Has Fallen, and even the deep, dark places are going to realize they are not safe. Judgment Has Fallen is part of The Kurtherian Gambit Universe. ** As noted in other series set in the Kurtherian Universe, there IS cursing in this book, occasionally, it's funny, too. **Kurtherian Gambit Series Titles Include: First Arc Death Becomes Her (01) - Queen Bitch (02) - Love Lost (03) - Bite This (04) Never Forsaken (05) - Under My Heel (06) Kneel Or Die (07) Second Arc We Will Build (08) - It's Hell To Choose (09) - Release The Dogs of War (10) Sued For Peace (11) - We Have Contact (12) - My Ride is a Bitch (13) Don't Cross This Line (14) Third Arc (Due 2017) Never Submit (Jan) (15) - Never Surrender (16) - Forever Defend (17) Might Makes Right (18) - Ahead Full (19) - Capture Death (20) Life Goes On (21) **New Series** The Second Dark Ages The Dark Messiah (01) The Darkest Night (02) Mar 2017 Darkest Before The Dawn (03) July 2017 Light Is Breaking (04) Nov 2017 The Boris Chronicles * With Paul C. Customer Reviews

I love all the spin-off series from the original trunk of the Kurtherian tree. While everyone has their own writing style I find the differences awesome. With M. A. I see the world from Bethany Ann's perception while J. S. Let's us in on a different but equally heroic journey following Valerie through New New York. I wonder how Terry Henry will feel about Chicago being corrupted after all the hard work C. M. put into him finding it. I look forward to a book that combines all of y'all taking care of your own characters in round robin fashion where M.A. starts with the first chapter or two, passes it to the first author to join his world to do a few chapters and on to the next and so on and so forth. Just remember to read previous sections and try not to say Oh no he didn't. This changes everything.

This novel is very much in the vein of the Bethany Anne story line in all respects. It moves at the same pace, has the same level of complexity (good but not too Machiavellian), has strong characters and captures your interest almost from page one - oh, and I don't feel the need to play editor either. Normally I am not too fond of stories that branch off from some main writing. I just can't get into the side tale but this one is an exception and like its previous installments, Judgement Has Fallen is a worthy addition to the Kutherian series. I look forward to more of Valerie. I also hope to follow Michael and eventually see the merging of all these story line branches back into the main

one...but much later; this is all too much fun right now.

The third book was pretty good. I did find parts of the story a little underdeveloped. For one, Valerie's plan to disappear into the shadows, or lead a guerrilla warfare campaign, against the evil CEOs makes some sense. It also seemed a little rushed or like something just skipped around. Things do settle into a more fluent tale afterwards and this modification to the previous book's format of having a base to defend was a fun change. I'm enjoying the tales from this post apocalyptic part of the Kurtherian Gambit universe. The growing cadre of team members in new, New York is creating an intriguing tale. I can't wait to see where this new sneakier version of Michael's Justice Enforcer goes next.

I love this series. The characters are interesting and complicated. I enjoyed reading this book (number 3 in the series). I will finish this review and immediately start book 4. I hope you will enjoy them as much as I have.

Very few slow moments in this book. Lots of action and serious body counts. It fits in very well with the whole Kurtherian Gambit series as well as stands on its own. I am anxious to get in to the next book. Join me and enjoy!

Amazing! This author is absolutely fantastic! His characters grab you and make you hold on. Valerie kicks butt and has you wanting her to save the city she's grown to love. It's full of action and suspense.

This was so awesome I want the next book already! I have been an avid reader of TKG from the start but Reclaiming Honor is my favorite of the new post apocalyptic story lines. Justin has a way of building characters so you can feel what they would as you are reading. On the rare occasion the action slows down you can count on a good laugh right before it cranks back up. Amazing job again! This series caused me to go and check out Justin's other works and you will not be disappointed with any of them. Can't wait for the next one!

Just serious enough, with a little cheekiness thrown in to boot. Looking forward to seeing how it all works out. Will be interesting to see how Valerie will deal with a more equally strengthened opponent. It's gotta happen, right? While I wait for next installment, guess i'll check out the original

series.
