Democracy For The Few

Synopsis

DEMOCRACY FOR THE FEW is a provocative interpretation of American Government. It shows how democracy is repeatedly violated by corporate oligopolies, and how popular forces have fought back and occasionally made gains in spite of the system. By focusing on the relationship between economic power and political power, discussing actual government practices and policies, conspiracies, propaganda, fraud, secrecy and other ploys of government and politics, this book stands apart in its analysis of how US Government works.

Customer Reviews

"Democracy for the Few is a radical text that will educate, entertain, inspire, and provoke students to read, think, and be critical." - Dan Brook, Ph.D., San Jose State University
"Democracy for the Few is the most clearly written, innovative and thought provoking textbook I've seen. I find it hard to imagine a better text! This book will make your students understand how the American government functions while forcing them to think for themselves. Even if you don't agree with the viewpoint taken by Parenti, this book will help spark invaluable classroom discussions." - Dr. William A. Pelz, Elgin Community College

Michael Parenti has taught political and social science at a number of colleges and universities, and now devotes himself full time to writing and guest lecturing. He is an internationally known, award winning author who has published 21 books, including: *God and His Demons* (2010); *Contrary*

Notions: The Michael Parenti Reader (2007); The Culture Struggle (2006), and The Assassination of Julius Caesar (2003). Various writings of his have been translated into some twenty languages. His publications, including previous editions of Democracy for the Few, have been read and enjoyed by students, lay readers, and scholars, and have been used extensively in hundreds of college courses across the country. Dr. Parenti lectures frequently throughout North America and abroad. His various talks and interviews have played widely on radio, television, and the Internet. Some 300 articles of his have been published in magazines, newspapers, websites, and scholarly journals, including American Political Science Review, Journal of Politics, Social Research, and New Political Science. For more information, visit his website: www.michaelparenti.org.

This book is so profound and well written that I have a hard time leaving anything out of my review, the entire chapter 19 Democracy for the Few starting on page 268 is a good place to begin at the section titled "What is To Be Done" starting on the bottom of page 277 is vital must read material, another must read section is chapter 13 "Mass Media: For the Many, by the Few" starting on page 163, the section titled "The Ideological Monopoly" beginning on the top of page 167 is especially delicious. If you only buy one book a year this is the book you should buy and carefully read every last word in it.

Thank You, a great contribution to perspectives on US government from a left leaning progressive point of view very concerned about the elite democracy we have inherited.

Eye opening! This book changed my perception of the American political system and awakened me to just how far away from democracy our country has become. It is time to make a change and the only way this can happen is if ordinary citizens get involved and let their voice be heard. If we do not take action I fear that generations to come will not enjoy the benefits of democracy in its true form.

Great read! Gets to the point with great writing skills-

This will help me get an A in class.

Excellent, excellent book. The voting population should seriously read this book to see how politics REALLY works.

verifies what I thought was happening and is backed up by good research.

great read, a little expensive for a book published in 2010. excellent condition.
