Synopsis

New York Times bestselling author Zac Brewer delivers his most honest and gripping novel yet, about a girl who believes she's beyond saving—until she realizes the only person who can save her is herself. Brooke Danvers is pretending to be fine. She's gotten so good at pretending that they're letting her leave inpatient therapy. Now she just has to fake it long enough for her parents and teachers to let their guard down. This time, when she's ready to end her life, there won't be anyone around to stop her. Then Brooke meets Derek. Derek is the only person who really gets what Brooke is going through, because he's going through it too. As they start spending more time together, Brooke suddenly finds herself having something to look forward to every day and maybe even happiness. But when Derek's feelings for her intensify, Brooke is forced to accept that the same relationship that is bringing out the best in her might be bringing out the worst in Derek—and that Derek at his worst could be capable of real darkness.

Customer Reviews

“Readers will cheer as [Brooke] navigates her way toward a degree of peace with her mental illness.” Best-seller Brewer's honest and highly personal story will speak to a wide audience. (Booklist) Bestselling author Brewer explores the heartbreaking and emotional work it takes to heal after failing a suicide attempt and being thrust back into a world that has not changed. (Voice of Youth Advocates (VOYA))

Zac Brewer grew up on a diet of The Twilight Zone and books by Stephen King. He chased them down with every drop of horror he could find— in books, in movie theaters, and on television. The most delicious parts of his banquet, however, he found lurking in the shadowed corners of his dark imagination. When he's not writing books, he's skittering down your wall and lurking underneath your bed. Zac doesn't believe in happy endings . . . unless they involve blood. He lives in Missouri with his husband and two children. Visit Zac at www.zacbrewer.com.
