I found this to be the best lift the flap bible stories. I have quite a few lift the flap, like Noah's Big Boat and Moses Big Adventure (which are my 2 favorites) and found this one, the best for 18

months. It is simple, uncluttered and message for each page is simple. Good to learn about colors, sounds that animals make, babies of each animals. lovely, a good read for your kiddo.

There were definitely 50 flaps, maybe a little too many. But the story is good and the review of colors, numbers, animal babies and sounds is cute.

Toddlers love opening flaps and hearing the story. Well made, durable.

This book connects the Christmas story with colors, shapes, numbers, animals, and animal sounds through lifting up flaps on each page. It is creative and keeps my child's attention. It is a very simple version of the Christmas story, which is why I give it a 4, but is fun and enjoyable for my child.

I like this book for all the lift flaps. But I'm not a fan if it because it doesn't include more of the nativity story. My 20 ,moth old still like it though.

AS a grandparent, I have purchased a lot of lift-the-flap books, and in comparison this one is disappointing and some what boring. The message is clear, but the presentation is lacking and not very interesting for our 22 month old grandson.

My godson loved all the flaps and the colors. I would recommend this to any parent of a toddler. I say buy it.

I got this for my granddaughter, who at 18 months, LOVES this book. There are lots of little flaps to look under. When ever we say "go get a book", this is the first one she heads for.
